

- Run hot water over a wash-cloth.
 - Wring out wash-cloth so it is damp, but not dripping wet.
 - We want the wash-cloth to be as warm as possible, BUT if it is too hot for your face, it is too hot for your pet.
 - Hold the warm wash-cloth against the surgery area for _____ minutes, _____ times a day for ___ days.
 - The warm compress will help healing and make your pet more comfortable.
-
